WASHTENAW COUNTY CLEAN UP DAY **Saturday, June 26**, from 9 am till 1 pm at Whitmore Lake High School. Items accepted include appliances, bulky household waste (furniture, mattresses, etc.), electronics, hazardous waste, general recyclable materials, foam packaging, scrap metal and tires. A donation of at least \$15 is suggested; checks payable to Washtenaw County. See the attached flyer for more information.

ROAD PAVING Paving of roads in Barton Hills Village will be done in the next few weeks. If you'd like to arrange with the company to have your driveway paved during that time, please contact the Clerk's Office for contact information.

FURRY FRIENDS Taking a walk in our beautiful community can easily be ruined by the presence of pet waste on the sides of the roads or in neighbors' yards. Pet waste also washes into the drains and down to the pond where it supports weed/algae growth. Please be a responsible pet owner and bag your waste for proper disposal.

Also, pets are wonderful, but remember that others may not want to share your pets. Bird feathers, yowls, and poop are unpleasant hints that cats and dogs are being allowed to roam unattended. Thanks for keeping your pets close to home.

PROTECT OUR STORMDRAINS BHV has a system of paved/natural ditches and storm drains along the sides of the roads to control water run off and prevent pollution/erosion. Please take care that leaves, dirt, and debris don't get pushed into these ditches and drains, where clogs will lead to flooding. The BHV crew cleans these drains regularly, but your help is greatly appreciated to brush away leaves and sticks before the debris piles up. This also helps in keeping the areas easily seen so people/cyclists/strollers don't trip or fall over them. Thanks!

WHO'S JOB IS THIS? The BHV crew will pick up waste items collected by residents. This does **not** include construction waste, leaves, brush, or other items gathered by contractors, lawn services or handypersons hired by the resident. Check your agreements to make sure clean up/waste removal by the service person is part of the deal.

GIVE US A CALL We love to hear from you! Contact the Clerk's Office to:

- let us know when you have scheduled your septic tank pumping
- request information about project review for exterior renovations, landscape projects, fences, retaining walls, berms, play equipment or any other structural additions/changes
- let us know if you will be away and would like additional security checks
- request updates to the Resident Directory

IN SYMPATHY Deepest sympathy to the family of Bruce Stubbs, a long-time resident who passed away recently.

CONGRATULATIONS TO 2021 GRADUATES!!
